

A person is silhouetted against a bright sunset sky, standing on the edge of a dark, craggy rock formation. The person is looking out over a vast, mountainous landscape. In the distance, a winding river or lake flows through a valley between rugged mountains. The sky is a mix of orange, yellow, and blue, with the sun low on the horizon. The overall mood is one of solitude and achievement.

The journey of your life

Climate change, Covid,
inequality, Brexit... all
symptoms that the current
system, which the first
civilization in the fertile
crescent invented 5,000 years
ago, is no longer fit for
purpose. Are you ready to
reconnect, reimagine and
recreate the ecosystem for the
next 5,000 years?

It only takes one person to
change an entire ecosystem -
one person fully connected to
the ecosystem is more
influential than a million
people who aren't. Are you
that person?

If you connect to the entire
ecosystem for long enough,
you will create your
Masterpiece - the greatest
contribution you can make to
yourself, your family and
society. Are you ready to
create your Masterpiece?

Recreate the System

Santorini, Greece | 8-11 October 2021

To create the new system, we need to extract ourselves from the current system - so, we will finish this cycle overlooking the caldera of Santorini, which was created by an explosion that ended the Minoan civilization. We will help you reconnect to the entire ecosystem again and ground your Masterpiece in an ecosystem where money and communications flow as freely as running water.

Power & Purpose

Kyoto, Japan | 8-11 April 2022

Our relationship to power keeps us locked in the current 10,000 old cycle. We will start our Japanese journey during *Sakura* (cherry blossom season) in Kyoto by visiting some of the timeless shrines and temples. Here, we will start to extract ourselves from the current system by observing our relationship to Power. From there, we will go to Ise, home to the largest Shinto shrine, where we will help you reconnect to you.

Money & Mission

Grand Saint Bernard, Swiss Alps | 3-6 June 2021

Our relationship to money is one of the biggest barriers we face on our journey - either we chase it or we push it away, and sometimes both. On the way up to Col du Grand Saint Bernard where Napoleon became Bonaparte, we will help you change your relationship to money so you can reimagine the world you want our children to live in.

Love & Masterpiece

Älesund, Norway | 15-17 July 2022

True creation emerges in the silence amidst the tension of opposing forces - these forces appear to be outside you when in reality they are a reflection of you. In the crystal clear waters of the most beautiful fjords on the North West coast of Norway, we will plunge into the depths of you, until you love every aspect of yourself and your Masterpiece becomes crystal clear.

One more thing...

You may want your team or organization to come with you. If you choose, we can run a condensed version of the journey for your management team either in-person or online: everyone will articulate their Personal Purpose, together we will develop a Collective Mission, and co-create a Collective Masterpiece and 100 Day Plan that brings that Mission to life.
